

Index to Volume 16

AUTHOR AND SUBJECT INDEX

A

- ACTH, Zinc- and gel-: Observations of plasma and urinary steroid levels following the administration of (Sheldon Siegel, Bailey J. Lovin, Jr., Robert Smith, Robert Ely, and Vincent Kelley), 252
- Aerosols: Operating characteristics of commercial nebulizers and their adaptation to produce closely sized (Arnold E. Reif and Margot P. Holcomb), 626
- Aerotitis media: Allergy and submarine medicine with reference to (Norman W. Clein), 121
- Allergic enteritis: Vitamin A absorption in, in infants and children (Douglas E. Johnstone and Augusta B. McCoord), 366
- Allergic rhinitis: Management of complications of (Edley H. Jones), 521
- Allergy: Avenues of research in (Stanley F. Hampton), 317
- Allergy: caused by honey in infant feeding? (Edward L. Strem and Albert V. Stoesser), 375
- Allergy: Enzymatic mechanisms in (Georges Ungar and Hideo Hayashi), 542
- Allergy, Inhalant: in infants (Benjamin J. Wood and Donald H. Walker), 451
- Allergy and submarine medicine with reference to aerotitis media (Norman W. Clein), 121
- Allergy as a cause of genitourinary symptoms (Clyde K. Walter), 158
- Allergy in skin diseases (George C. Andrews), 160
- Allergy to protein derived from animal sources as seen in immunization procedures (Albert Zucker and Aldo Florio), 413
- American College of Allergists, The: Graduate Instructional Course and Fourteenth Annual Congress (Preliminary program), 27
- Anaphylaxis and the nervous system, Part II (Andor Szentivanyi), 143
- Anaphylaxis and the nervous system, Part III (Geza Filipp and Andor Szentivanyi), 306
- Anaphylaxis and the nervous system, Part IV (Andor Szentivanyi and Judith Szekely), 389
- Andrews, George C.: Allergy in skin diseases, 160
- Asthma, bronchial: Investigation into environmental influences in (M. J. Gutmann), 536
- Asthma, chronic: Clinical evaluation of Elixophyllin® and choline theophyllinate in the management of (Joseph Greenbaum), 312
- Asthma, Intractable: caused by aspiration of a cork from a nebulizer (James H. Johnson and Leon Unger), 528
- Asthmatic children: Observation on the detection of serum protein abnormalities (Harold S. Tuft), 1
- Atopic dermatitis: Role of food allergy (George E. Morris), 599
- Avenues of research in allergy (Stanley F. Hampton), 317

B

- Behr, Donald J., Hirschleifer, Irving, Wigderson, Arthur, and Jaffe, Robert J.: Potentiating the effect of epinephrine with the use of a ganglionic blocking agent, 380
- Benacortol: Clinical evaluation of (William C. Grater), 532
- Bilateral wheezing from an aspirated vegetable (peanut?) foreign body: A case report (Amparo Buenaventura and Leon Unger), 9
- Blocking agent, ganglionic: Potentiating the effect of epinephrine with the use of (Irving Hirschleifer, Donald J. Behr, and Robert J. Jaffe), 380
- Bressler, Edward C.: An observation on the management of nose drop habituation, 678
- Bronchial asthma: Corrective breathing exercises for patients with obstructive pulmonary emphysema and (Robert J. Walsh), 410
- Bronchial asthmatic patient and a new therapeutic mixture [Cholorace], The (Merle S. Scherr), 247
- Brown, Ethan Allan: Presidential address, 21
- Brown, Ethan Allan: The treatment of ragweed pollinosis with a single, annual emulsified extract injection, II, 281
- Brown, Ethan Allan: The treatment of tree pollen sensitivity with single annual injections of emulsified extract, III, 353
- Brown, Ethan Allan: Treatment of grass pollinosis with a single annual injection of emulsified extract, IV, 510

INDEX TO VOLUME 16

- Buenaventura, Amparo and Unger, Leon: Bilateral wheezing from an aspirated vegetable (peanut?) foreign body: A case report, 9
 Burdon, Kenneth L.: Enzyme activation in allergic reactions, 168

C

- Calcium pantothenate: The effect of, on induced whealing and on seasonal rhinitis (Louis Tuft, Joan Gregory, and Donald C. Gregory), 639
 Cephalalgia, histamine: Its relation to migraine (Leon Unger), 300
 Choline theophyllinate: and Elixophyllin®, clinical evaluation of, in the management of chronic asthma (Joseph Greenbaum), 312
 Chromate sensitivity (L. Edward Gaul), 435
 Clein, Norman W.: Allergy and submarine medicine with reference to aerotitis media, 121
 Clinical evaluation of a new long-acting preparation in allergic disorders (Jerome Miller), 135
 Clinical evaluation of a unique antiallergic drug—Trimeprazine® (Mayer A. Green), 619
 Clinical evaluation of benacortol (William C. Grater), 532
 Clinical evaluation of Elixophyllin® and choline theophyllinate in the management of chronic asthma (Joseph Greenbaum), 312
 Clinical evaluation of isothipendyl hydrochloride (Theruhistin) (Report of the Committee on New and Unused Therapeutics), 237
 Committee on New and Unused Therapeutics: Clinical evaluation of isothipendyl hydrochloride (Theruhistin), 237
 Corrective breathing exercises for patients with bronchial asthma and obstructive pulmonary emphysema (Robert J. Walsh), 410
 Crawford, Lloyd V., Ratner, Bret, Feldman, Robert, and Krimli, A.: Mechanism and evolution of sensitization, 662

D

- DeGara, Paul F.: Possible unusual occurrence of homologous serum hepatitis following passive transfer studies, 24
 Dermal contact dermatitis from neomycin, observations on forty cases (Stephan Epstein), 268
 Dermatitis: Dermal contact, from neomycin, observations on forty cases (Stephan Epstein), 268
 Dermatitis of the nose due to sniff tobacco (J. Shanon and J. Tas), 156
 Dermatitis: Perfume (Emil G. Klarmann), 425
 Dermatitis, rhus: The use of *impatiens biflora* (jewelweed) in the treatment of (Roger A. Lipton), 526
 (Dimetane®): Para-bromdylamine maleate (J. Warrick Thomas), 128
 Does honey in infant feeding cause allergy? (Edward L. Strem and Albert V. Stoesser), 375

E

- Effect of calcium pantothenate on induced whealing and on seasonal rhinitis, The (Louis Tuft, Joan Gregory, and Donald C. Gregory), 639
 Elixophyllin®: and choline theophyllinate, clinical evaluation of, in the management of chronic asthma (Joseph Greenbaum), 312
 Emulsified extract: Treatment of grass pollinosis with a single annual injection of, IV (Ethan Allan Brown), 510
 Emulsified extract injection: The treatment of ragweed pollinosis with a single annual (Ethan Allan Brown), 281
 Emulsified extract injections: The treatment of tree pollen sensitivity with single annual (Ethan Allan Brown), 353
 Environmental influences: Investigation into, in bronchial asthma (M. J. Gutmann), 536
 Enzymatic mechanisms in allergy (Georges Ungar and Hideo Hayashi), 542
 Enzyme activation in allergic reactions (Kenneth L. Burdon), 168
 Epinephrine: Potentiating the effect of, with use of a ganglionic blocking agent (Irving Hirshleifer, Donald J. Behr, Arthur Wigderson, and Robert J. Jaffe), 380
 Epstein, Stephan: Dermal contact dermatitis from neomycin, observations on forty cases, 268
 Eriksen, Nils and Stroh, J. E.: Serum electrophoresis patterns in the hypersensitive state, 656
 Exercises, Corrective breathing: for patients with bronchial asthma and obstructive pulmonary emphysema (Robert J. Walsh), 410
 Extra-respiratory tract symptoms of pollinosis (Merle W. Moore), 152

INDEX TO VOLUME 16

F

- Feldman, Robert, Ratner, Bret, Crawford, Lloyd V., and Krimli, A.: Mechanism and evolution of sensitization, 662
- Filipp, Geza, and Szentivanyi, Andor: Anaphylaxis and the nervous system, Part III, 306
- First national seminar of regional medical consultants (Edit. M. Murray Peshkin and Harold A. Abramson), 473
- Fisher, Alexander A., and Sturm, Hiram, M.: Procaine sensitivity: the relationship of the allergic eczematous contact type to the urticarial, anaphylactoid variety, 593
- Florio, Aldo and Zucker, Albert: Allergy to proteins derived from animal sources as seen in immunization procedures, 413
- Food allergy: Role of, in atopic dermatitis (George E. Morris), 599
- Fox, John L.: Use of a tranquilizing agent (Hydroxyzine) with prednisolone in the control of allergic disorders, 674

G

- Gamma globulin: combined with penicillin, as a diagnostic agent in urticaria of the serum-sickness type due to penicillin (George Rajka, Jr., and Elizabeth Vincze), 291
- Gaul, L. Edward: Chromate sensitivity, 435
- Genitourinary symptoms: Allergy as a cause of (Clyde K. Walter), 158
- Grass pollinosis: Treatment of, with a single annual injection of emulsified extract, IV (Ethan Allan Brown), 510
- Grater, William C.: Clinical evaluation of benacortol, 532
- Green, Mayer A.: Clinical evaluation of a unique anti-allergic drug—Trimeprazine®, 619
- Greenbaum, Joseph: Clinical evaluation of Elixophyllin® and choline theophyllinate in the management of chronic asthma, 312
- Gregory, Donald C., Tuft, Louis, and Gregory, Joan: The effect of calcium pantothenate on induced whealing and on seasonal rhinitis, 639
- Gregory, Joan, Tuft, Louis, and Gregory, Donald C.: The effect of calcium pantothenate on induced whealing and on seasonal rhinitis, 639
- Gutmann, M. J.: An investigation into environmental influences in bronchial asthma, 536

H

- Hampton, Stanley F.: Avenues of research in allergy, 317
- Hayashi, Hideo and Ungar, Georges: Enzymatic mechanisms in allergy, 542
- Hepatitis, homologous serum: Possible unusual occurrence following passive transfer studies (Paul F. DeGara), 24
- Hirshleifer, Irving, Behr, Donald J., Wigderson, Arthur, and Jaffe, Robert J.: Potentiating the effect of epinephrine with the use of a ganglionic blocking agent, 380
- Histamine cephalalgia and its relation to migraine (Leon Unger), 300
- Historical development of allergy of the nervous system (Frederic Spear), 14
- Holcomb, Margot P., and Reif, Arnold E.: Operating characteristics of commercial nebulizers and their adaptation to produce closely sized aerosols, 626
- Honey: Does it cause allergy in infant feeding? (Edward L. Strem and Albert V. Stoesser), 375
- Hydroxyzine: Use of, with prednisolone in the control of allergic disorders, 674
- Hypersensitive state: Serum electrophoresis patterns in (J. E. Stroh and Nils Erikson), 656

I

- Impatiens biflora (jewelweed): The use of, in the treatment of rhus dermatitis (Roger A. Lipton), 526
- Immunization procedures: Allergy to proteins derived from animal sources as seen in (Albert Zucker and Aldo Florio), 413
- Influence of pH of extractant on the electrophoretic and antigenic composition of low ragweed extract (Mary Hewitt Loveless and Isabella M. Wright), 393
- Inhalant allergy in infants (Benjamin J. Wood and Donald H. Walker), 451
- Intractable asthma caused by aspiration of a cork from a nebulizer (James H. Johnson and Leon H. Ungar), 528
- Investigation into environmental influences in bronchial asthma, An (M. J. Gutmann), 536
- Isothipendyl hydrochloride (Theruhistin): Clinical evaluation of (Report of the Committee on New and Unused Therapeutics), 237
- Is serous otitis media due to allergy or infection? (Irwin A. Solow), 297

INDEX TO VOLUME 16

J

- Jaffe, Robert J., Hirshleifer, Irving, Behr, Donald J., and Wigderson, Arthur: Potentiating the effect of epinephrine with the use of a ganglionic blocking agent, 380
- Johnson, James H., and Unger, Leon: Intractable asthma caused by aspiration of a cork from a nebulizer, 528
- Johnstone, Douglas E., and McCoord, Augusta, B.: Vitamin A absorption in allergic enteritis in infants and children, 366
- Jones, Edley H.: Management of complications of allergic rhinitis, 521

K

- Kessler, Arthur: Survey of airborne pollen and mold spores in Israel, 445
- Klarman, Emil G.: Perfume dermatitis, 425
- Krimli, A., Feldman, Robert, Crawford, Lloyd V., and Ratner, Bret: Mechanism and evolution of sensitization, 662

L

- Lipton, Roger A.: The use of *impatiens biflora* (jewelweed) in the treatment of rhus dermatitis, 526
- Loveless, Mary Hewitt and Wright, Isabella M.: Influence of pH of extractant on the electrophoretic and antigenic composition of low ragweed extract, 393

Mc

- McCoord, Augusta B., and Johnstone, Douglas E.: Vitamin A absorption in allergic enteritis in infants and children, 366

M

- Management of complication of allergic rhinitis (Edley H. Jones), 521
- Mechanism and evolution of sensitization (Bret Ratner, Lloyd V. Crawford, Robert Feldman, and A. Krimli), 662
- Migraine: Relation of histamine cephalgia to (Leon Unger), 300
- Miller, Jerome: Clinical evaluation of a new long-acting preparation in allergic disorders, 135
- Mold, spores: Survey of, and airborne pollen in Israel (Arthur Kessler), 445
- Moore, Merle W.: Extra-respiratory tract symptoms of pollinosis, 152
- Morris, George E.: Atopic dermatitis: Role of food allergy, 599

N

- Nebulizers, commercial: Operating characteristics of, and their adaptation to produce closely sized aerosols (Arnold E. Reif and Margot P. Holcomb), 626
- Neomycin: Dermal contact dermatitis from, observations on forty cases (Stephan Epstein), 268
- Nervous system: Anaphylaxis and, Part III (Geza Filipp and Andor Szentivanyi), 306
- Nervous system: Anaphylaxis and the, Part II (Andor Szentivanyi), 143
- Nervous system: Anaphylaxis and the, Part IV (Andor Szentivanyi and Judith Szekely), 389
- Nervous system: Historical development of allergy of the (Frederic Speer), 14
- New long-acting preparation in allergic disorders: Clinical evaluation of Sandostene Spacetabs® (Jerome R. Miller), 135
- Nose, Dermatitis of the: due to sniff tobacco (J. Shanon and J. Tas), 156
- Nose drop habituation: An observation on the management of (Edward C. Bressler), 678

O

- Observation on the management of nose drop habituation, An (Edward C. Bressler), 678
- Observations of plasma and urinary steroid levels following the administration of zinc-ACTH and gel-ACTH (Sheldon C. Siegel, Bailey J. Lovin, Jr., Robert Smith, Robert S. Ely, and Vincent C. Kelley), 252
- Observations on the detection of serum protein abnormalities in asthmatic children (Harold S. Tuft), 1
- Ochota, Leszek, and Swineford, Oscar, Jr.: Smoking and chronic respiratory disorders, 455
- Operating characteristics of commercial nebulizers and their adaptation to produce closely sized aerosols (Arnold E. Reif and Margot P. Holcomb), 626
- Otitis media: Serous, due to allergy or infection? (Irwin A. Solow), 297

P

- Para-bromdylamine maleate (Dimetane®) (J. Warrick Thomas), 128
- Passive transfer studies: Possible unusual occurrence of homologous serum hepatitis following (Paul F. DeGara), 24

INDEX TO VOLUME 16

- Penicillin combined with gamma globulin as a diagnostic agent in urticaria of the serum-sickness type due to penicillin (George Rajka, Jr., and Elizabeth Vincze), 291
- Perfume dermatitis (Emil G. Klarmann), 425
- Peshkin, M. Murray and Abramson, Harold A., Editors: First national seminar of regional medical consultants, 473
- pH of extractant: Influence of, on the electrophoretic and antigenic composition of low ragweed extract (Mary Hewitt Loveless and Isabella M. Wright), 393
- Pignolia nut: Severe allergic reaction to (Ines M. Santos and Leon Unger), 459
- Plasma: and urinary steroid levels, Observations of, following the administration of zinc-ACTH and gel-ACTH (Sheldon Siegel, Bailey J. Lovin, Jr., Robert Smith, Robert Ely and Vincent Kelley), 252
- Pollen, airborne: Survey of, and mold spores in Israel (Arthur Kessler), 445
- Pollinosis: Extra-respiratory tract symptoms of (Merle W. Moore), 152
- Possible unusual occurrence of homologous serum hepatitis following passive transfer studies: Case report (Paul F. DeGara), 24
- Potentiating the effect of epinephrine with the use of a ganglionic blocking agent (Irving Hirshleifer, Donald J. Behr, Arthur Wigderson, and Robert J. Jaffe), 380
- Preliminary program of Graduate Instructional Course and Fourteenth Annual Congress, 27
- Presidential address (Ethan Allan Brown), 21
- Procaine sensitivity: The relationship of the allergic eczematous contact-type to the urticarial, anaphylactoid variety (Alexander A. Fisher and Hiram M. Sturm), 593
- Proteins: Allergy to those derived from animal sources as seen in immunization procedures (Albert Zucker and Aldo Florio), 413
- Pulmonary emphysema, obstructive: Corrective breathing exercises for patients with bronchial asthma and (Robert J. Walsh), 410

R

- Ragweed extract, low: Influence of pH of extractant on the electrophoretic and antigenic composition of (Mary Hewitt Loveless and Isabella M. Wright), 393
- Ragweed pollinosis: The treatment of, with a single annual emulsified extract injection, II (Ethan Allan Brown), 281
- Rajka, George, Jr., and Vincze, Elizabeth: Penicillin combined with gamma globulin as a diagnostic agent in urticaria of the serum-sickness type due to penicillin, 291
- Ratner, Bret, Crawford, Lloyd V., Feldman, Robert, and Krimli, A.: Mechanism and evolution of sensitization, 662
- Reaction: Severe allergic, to pignolia nut (Ines M. Santos and Leon Unger), 459
- Reactions: Enzyme activation in allergic (Kenneth L. Burdon), 168
- Regional medical consultants, First national seminar of (Edit.: M. Murray Peshkin and Harold A. Abramson), 473
- Reif, Arnold E., and Holcomb, Margot P.: Operating characteristics of commercial nebulizers and their adaptation to produce closely sized aerosols, 626
- Respiratory disorders, chronic: Smoking and (Oscar Swineford, Jr., and Leszek Ochota), 455

S

- Sandostene Spacetabs®: Clinical evaluation of a new long-acting preparation in allergic disorders (Jerome Miller), 135
- Santos, Ines M., and Unger, Leon: Severe allergic reaction to pignolia nut, 459
- Scherr, Merle S.: The bronchial asthmatic patient and a new therapeutic mixture [Cholarace], 247
- Seminar, First national, of regional medical consultants (Edit.: M. Murray Peshkin and Harold A. Abramson), 473
- Sensitivity: Chromate (L. Edward Gaul), 435
- Sensitization: Mechanism and evolution of (Bret Ratner, Lloyd V. Crawford, Robert Feldman, and A. Krimli), 662
- Serum electrophoresis patterns in the hypersensitive state (J. E. Stroh and Nils Erikson), 656
- Serum protein abnormalities: Observations on the detection in asthmatic children (Harold S. Tuft), 1
- Severe allergic reaction to pignolia nut (Ines M. Santos and Leon Unger), 459
- Shanon, J., and Tas, J.: Dermatitis of the nose due to sniff tobacco, 156
- Siegel, Sheldon, Lovin, Bailey, Jr., Smith, Robert, Ely, Robert, and Kelley, Vincent: Observations of plasma and urinary steroid levels following the administration of zinc-ACTH and gel-ACTH, 252

INDEX TO VOLUME 16

- Skin diseases: Allergy in (George C. Andrews and Anthony N. Domonkos), 160
 Smoking and chronic respiratory disorders (Oscar Swineford, Jr., and Leszek Ochota), 455
 Solow, Irwin A.: Is serous otitis media due to allergy or infection?, 297
 Speer, Frederic: Historical development of allergy of the nervous system, 14
 Spielman, Aaron D.: Treatment of common allergic diseases with sustained release Theruhistin, 242
 Steroid levels: Urinary, and plasma, Observations of, following the administration of zinc-ACTH and gel-ACTH (Sheldon Siegel, Bailey J. Lovin, Jr., Robert Smith, Robert Ely, and Vincent Kelley), 252
 Stoesser, Albert V., and Strem, Edward L.: Does honey in infant feeding cause allergy?, 375
 Strem, Edward L., and Stoesser, Albert V.: Does honey in infant feeding cause allergy?, 375
 Stroh, J. E., and Eriksen, Nils: Serum electrophoresis patterns in the hypersensitive state, 656
 Sturm, Hiram M., and Fisher, Alexander A.: Procaine sensitivity: The relationship of the allergic eczematous contact-type to the urticarial, anaphylactoid variety, 593
 Submarine medicine: with reference to aerotitis media and allergy (Norman W. Clein), 121
 Survey of airborne pollen and mold spores in Israel, 1954-1955 (Arthur Kessler), 445
 Swineford, Oscar, Jr., and Ochota, Leszek: Smoking and chronic respiratory disorders, 455
 Szekely, Judith and Szentivanyi, Andor: Anaphylaxis and the nervous system, Part IV, 389
 Szentivanyi, Andor: Anaphylaxis and the nervous system, Part II, 143
 Szentivanyi, Andor and Szekely, Judith: Anaphylaxis and the nervous system, Part IV, 389

T

- Tas, J., and Shanon, J.: Dermatitis of the nose due to sniff tobacco, 156
 Theruhistin: Clinical evaluation of isothipendyl hydrochloride (Report of the Committee on New and Unused Therapeutics), 237
 Theruhistin: Treatment of common allergic diseases with sustained release (Aaron D. Spielman), 242
 Thomas, J. Warrick: Para-bromdylamine maleate (Dimetane®), 128
 Tobacco, sniff: Dermatitis of the nose due to (J. Shanon and J. Tas), 156
 Treatment of common allergic diseases with sustained release Theruhistin (Aaron D. Spielman), 242
 Treatment of grass pollinosis with a single annual injection of emulsified extract, IV (Ethan Allan Brown), 510
 Treatment of ragweed pollinosis with a single annual emulsified extract injection, II (Ethan Allan Brown), 281
 Treatment of tree pollen sensitivity with single annual injections of emulsified extract, III (Ethan Allan Brown), 353
 Tree pollinosis: The treatment of, with a single annual injection of emulsified extract, III (Ethan Allan Brown), 353
 Trimeprazine®: Clinical evaluation of (Mayer A. Green), 619
 Tuft, Harold S.: Observations on the detection of serum protein abnormalities in asthmatic children, 1
 Tuft, Louis, Gregory, Joan, and Gregory, Donald C.: The effect of calcium pantothenate on induced whealing and on seasonal rhinitis, 639

U

- Unger, Georges and Hayashi, Hideo: Enzymatic mechanisms in allergy, 542
 Unger, Leon: Histamine cephalalgia and its relation to migraine, 300
 Unger, Leon, and Johnson, James H.: Intractable asthma caused by aspiration of a cork from a nebulizer, 528
 Unger, Leon, and Santos, Ines M.: Severe allergic reaction to pignolia nut, 459
 Urticaria, of the serum sickness type due to penicillin: Penicillin combined with gamma globulin as a diagnostic agent in (George Rajka, Jr., and Elizabeth Vincze), 291
 Urticarial, anaphylactoid procaine sensitivity: The relationship of, to the allergic eczematous contact-type (Alexander A. Fisher and Hiram M. Sturm), 593
 Urinary levels: steroid, and plasma, Observations of, following the administration of zinc-ACTH and gel-ACTH (Sheldon Siegel, Bailey Lovin, Jr., Robert Smith, Robert Ely, and Vincent Kelley), 252
 Use of a tranquilizing agent (Hydroxyzine) with prednisolone in the control of allergic disorders (John L. Fox), 674

INDEX TO VOLUME 16

Use of *impatiens biflora* (jewelweed) in the treatment of rhus dermatitis, The (Roger A. Lipton), 526

V

Vitamin A absorption in allergic enteritis in infants and children (Douglas E. Johnstone and Augusta B. McCoord), 366

W

- Walker, Donald H., and Wood, Benjamin J.: Inhalant allergy in infants, 451
Walsh, Robert J.: Corrective breathing exercises for patients with bronchial asthma and obstructive pulmonary emphysema, 410
Walter, Clyde K.: Allergy as a cause of genitourinary symptoms, 158
Whealing, induced: Effect of calcium pantothenate on, and on seasonal rhinitis (Louis Tuft, Joan Gregory, and Donald C. Gregory), 639
Wheezing, Bilateral: from an aspirated vegetable (peanut?) foreign body: A case report (Amparo Buenaventura and Leon Unger), 9
Wigderson, Arthur, Hirschleifer, Irving, Behr, Donald J., and Jaffe, Robert J.: Potentiating the effect of epinephrine with the use of a ganglionic blocking agent, 380
Wood, Benjamin J., and Walker, Donald H.: Inhalant allergy in infants, 451
Wright, Isabella M., and Loveless, Mary Hewitt: Influence of pH of extractant on the electrophoretic and antigenic composition of low ragweed extract, 393

Z

Zucker, Albert and Florio, Aldo: Allergy to proteins derived from animal sources as seen in immunization procedures, 413

BOOK REVIEWS

- Baer, Rudolf F. and Witten, Victor H. (Editors): 1956-1957 Series Year Book of Dermatology and Syphilology, 119
